Skills

JavaScript
React.js

Redux/Flux
React Native

Ruby
Ruby on Rails

HTML/CSS
jQuery

SQL
Git

Projects

Toglink Solo (Ruby on Rails, React.js/Redux, PostgreSQL, Sass)

[Live](#) • [Github](#)

Photosharing app for photographers

- Reduced size of state by fetching single 'followed' boolean upon profile load
- Created subtle CSS3 animations and keyframes rules to create better UX
- Increased speed by hosting images on cloud image service

Impulse Solo (JavaScript, jQuery, CSS, HTML5 Canvas/EaselJS)

[Live](#) • [Github](#)

Addictive browser game - Avoid the obstacles!

- Utilized browser's local storage to save high score data
- Speed of obstacles depends on elapsed time and obstacle radius

ComStorm Team of 3 (React Native, Sass)

[Demo](#) • [Github](#) • [Play Store](#)

Mobile App For Creating Custom Comic Strips

- Created draggable and editable text-bubbles
- Worked with PanResponder to make a click-and-drag tag to wrap elements
- Used three libraries via promise-chaining to save images to phone's gallery

Education

Web Development, App Academy

Nov. 2016 - Feb. 2017

- 1000-hour full-stack boot camp with 3% acceptance rate
- Emphasis on code style, best practices and CS fundamentals

B.A. in Chinese and East Asian Studies, University of Wisconsin-Madison

Dec. 2011

- Graduated early with honors in top 15% of class, GPA 3.78

Work History
